Looks good. These facts might be good for the letter.

Hi – I didn't see any emails with concerns on moving forward so we will aim to make this live later tomorrow. Thanks.

Subject: for OPP IO awareness: updating PFAS and pesticide webpage with Q&As from these last few weeks

Thank you the earlier approvals on the various sets of SFIREG Q&As which are mostly the same ones we've answered in press inquiries (E&E and Bloomberg). With Rick and Cheryl's review and agreement, instead of sending the Q&As back to SFIREG, we will post these on our webpage so the agency is the source of answers rather than SFIREG (who said they would post them on line and thus potentially lead the story).

We will also work with Beth to give the regions a heads-up first.
